

Features

- ◇ Equipped with One-touch fitting, easy to install.
- ◇ Resin made housing, small volume and light weight.
- ◇ Available in high vacuum level type and large vacuum flow type.

D-Body ported type

Applications

- ◇ Suitable for occasions where vacuum is required for each station in fast operation.
- ◇ Handling of electronic components.
- ◇ Various specifications to meet different operation requirements.
- ◇ Used in separation system for plastic and metal plate processing.

B-Box type

How to order
